

## Kaitiaki Leaders Group

April 2012

*“Kotahi te hā o te kaumātua, me te hā o te mokopuna.”  
We share in common a single breath, a commonality of vision, spirit and a role in the generation of new life.*

Together, the kaitiaki leaders group comprise a cross section of those with a stake in how learning can make a bigger difference to Auckland.

While they are not formally appointed or representing any particular organisational ‘hat’, their experience and specialist expertise as leaders of diverse networks ensures a mandate for this evolving work.

Participation on the group is flexible and new members are welcome to come along and contribute.

The following people have stepped up to this role:

Linda Aumua	Director, Centre for Pasifika Development and Support Pacific Centre
Sam Crosby	Chair, Youth Advisory Board for the Auckland Council
